

Join Rally — Call for Sheriff Hodgson's Resignation!

WHEN	Saturday, Jan. 18 th @ 1-3pm, (<i>rain/snow date Jan. 19th</i>)
WHERE	Coalition for Social Justice (CSJ) office 105 William St., Suite 26 New Bedford, MA 02740
WHAT	march to the Ash Street Jail (<i>corner of Union and Ash Street</i>)

3 years ago, CSJ led a protest against Hodgson's plan to send inmates to build a border wall and signing the 287g agreement to do ICE's work!

Recently, the American Civil Liberties Union's public records request exposed 70+ emails of Hodgson to Trump's white supremacist director of immigration policy, Stephen Miller.

Through the emails, we found out that Hodgson turned in his own church for providing immigrants with information about their rights.

Bristol County for Correctional Justice (BCCJ) has uncovered

- Hodgson: systematic cruelty toward people in his custody.
- Hodgson: highest suicide rate among 13 county jails in the state.
- Hodgson: denies basic health care, medically assisted treatment, nutritious food, and exploits families through over-priced phone calls and canteen purchases.
- Hodgson: had very few programs/policies that help people stay out of jail.
- Hodgson: constant travel to Washington DC — all on the taxpayers' dime.
